

Multi-Purpose Tank Lining System

For Marine & Industrial Applications

Epo-chem™ RS 500P (Primer) & RA 500M (Topcoat)

Groundbreaking solvent-free, wet & rust tolerant technology acts as a multi-purpose tank lining system suitable for the following tank applications:

- Sea Water Ballast
- Potable Water
- Grey/Black Water
- Sewage
- Crude Oil
- Refined Oil (Diesel/Petrol)
- Cargo (Food Contact Approval)
- Mud/Brine

Ballast Tank

Cargo Tank

Potable Water Tank

System Properties:

- Solvent-free
- Surface preparation flexibility (any method can be utilised)
- Application in any environmental condition
- Reduced H&S and Fire Precaution
- No disruption to other ongoing work within the vicinity (including hot work)
- No requirements for dehumidification or ventilation
- No overcoating limitations
- Compatible with almost all existing ballast tank coatings, including coal-tar epoxies
- Compatible with all shop primer
- Substantial time and cost savings
- Zero VOC
- IMO PSPC approved for Sea Water Ballast Tanks
- IMO PSPC-COT approved for Crude Oil Cargo Tanks
- NSF Certified for potable water applications
- FDA Compliant for food contact and potable water applications
